## PROPERTY DESCRIPTION

Built with efficiency and convenience as the top priority, this 4 bedroom residence within the Stonewood at Eagleridge neighborhood lies nestled at the mountain base. This "Maplestone" floorplan unit provides 3 levels of spacious living and over 2,700 square feet with a European mountain design exterior. The finishing upgrades include a Jacuzzi tub, frameless glass shower, air conditioning for the warmer months, pecan hardwood floors and immaculate slate tile. The ambiance and comfort of this residence stems from the large living room fireplace with impressive stone surround as well as the granite slab countertops and alder cabinetry you'll find in the kitchen. A large laundry room, oversized 2-car garage, heated driveway and lock-off owner's storage make this an ideal primary dwelling or vacation property. Within walking distance to the slopes and offering a private ski shuttle, this elegant mountain abode is unparalleled in beauty and charm.
