## PROPERTY DESCRIPTION

What a rare find to have 4 bedrooms, 3.5 bathrooms and over 4,300 square feet sitting on 2 acres in the middle of Steamboat Springs! The long driveway and quiet, closed loop street makes a great bike ride or roller hockey rink for both children and the young at heart. With a beautiful open lot and no neighbors within a stone's throw, you'll be able to create some special memories amongst the grounds of this private setting. The tremendous views range from the Steamboat Ski Area to the Flat Tops and Emerald Mountain. The open kitchen brings a relaxed atmosphere to the home, while the living room is a comfortable place to unwind with a gas fireplace and French doors leading to a large back deck. The vaulted ceilings add to the expansive feeling of the home. The outside of the home is newly stained and a landscaped yard makes this a captivating Angler's Drive retreat.
