PROPERTY DESCRIPTION

The true exquisiteness of this 4 bedroom, 4.5 bath duplex with 2 car garage cannot be fully appreciated until you pass beneath the wooden arch that frames the front door. Hidden inside is a four story townhome that climbs from a game room lit by floor to ceiling windows up to the master bedroom where rich linens and a soaking tub invite you to relax. A glass elevator is a central feature to help you move with ease from one story to the next. The wet bar and large flat-screen TV on the lower level can accommodate those wanting to watch a football game while those who wish to enjoy a quiet Steamboat evening can retire in the upstairs living room that opens onto a large patio deck, perfect for watching the sunset. Attention to detail is not lacking in this unit; be surprised by the glass bowl sinks in the bathrooms that are lit with motion activation, and enjoy the beauty of the wrought iron spindles that decorate the staircase handrails and match the outside porch. The chef in your life will love the wood paneling in the kitchen and hand-troweled walls with a view to relax to and inspire the evening's creations. This unit has an airy, open feel due to its vaulted ceilings and windows to match. With the size to entertain but the finishes to provide comfort, this home is a mountain oasis.
