## PROPERTY DESCRIPTION

Nestled in a quite aspen forest with a beautiful view of the ski mountain framed in foliage, this log home offers the charm of cabin life while providing adequate space needed for the modern family. Appropriately named, "Casa Feliz" or the "Happy Home," this 5 bedroom cabin will comfortably sleep your loved ones and give them room to play on the 3.10 acre lot, wrap around porch and large lower level deck. A cute sunny kitchen and breakfast nook with ceiling to floor windows will brighten a cheerful morning breakfast for the early risers, and if more space is needed, an additional dining room will ensure that no one is waiting to fill their bellies in your bustling home. With a unique design, the home even includes an indoor porch for a hot tub that allows for the ease of soaking indoors, yet the luxury of feeling like you are outside due to the expanse of windows and tall, lofted ceiling. Three cozy free standing log stoves offer functional heat and a stone fireplace in the living room adds to the rustic cabin atmosphere you are searching for. With beautiful log walls inside and out and custom artistic additions to the home, such as an old lantern refurbished as a walkway light, you'll feel like you live far out in the country but only have to drive a short 10 minutes to get there. A detached 2-car garage with additional room above and a carport offer additional space.
